Instructions for using the Ages Library Christian Library Series Flash Drive (from DiscountBible.com)

A. Adobe Reader

1. Use the Adobe Reader already installed on your system or download and install the latest version from http://get.adobe.com/reader/
2. Open any PDF file and configure the Menu bar to include the navigation (forward and back) buttons on your toolbar.

B. Running the program from the Flash Drive

1. Put the flash drive into a USB port and open the drive. Open the Ages Folder
2. Create a shortcut on your desktop:
   a. Open the CLS Folder. - Find the file CLS.pdf file in the CLS folder.
   b. Create a shortcut (or Make an Alias if you have a MAC) by right clicking on the CLS.pdf file and selecting "Create shortcut" or "Make Alias"
   c. Drag the Shortcut or Alias to your desktop.
3. Double click on the desktop shortcut (or Alias).
4. From The Christian Library Series Startup Screen, click on the reference work that you want to study.
5. Look at the MANUAL.PDF file in the Ages Folder for full instructions

C. Running the program from your hard drive

1. Put the Flash Drive into a USB Port and open the drive.
2. Copy the Complete Ages folder directly to your Hard Drive (Usually C:\)
3. Remove the Flash Drive after all the contents have been copied.
4. Open the Ages Folder on your Hard Drive then the CLS folder.
5. Find the CLS.pdf file in the CLS folder.
6. Make a shortcut (or Alias) by right clicking on the CLS.pdf file and selecting "Make a shortcut" (PC) or Make Alias (MAC).
7. Drag the shortcut (or Alias) to your desktop.
8. Double click on the desktop shortcut (or Alias)
9. From The Christian Library Series Startup Screen, click on the reference work that you want to study.
10. Look at the MANUAL.PDF file in the Ages Folder for full instructions.
